No Decision Made By G.P. Merchants On Master Codes

No decision was reached at the meeting of Grande Prairie merchants held in the town hall on Thursday night of last week to discuss the proposed master codes.

The meeting was called to order by Ed Lyons, who stated that he had been requested to do so by the Retail Merchants Association of Canada.

T. Blais was elected to the chair and Mr. Lyons secretary.

A letter was read from A. C. MacKay, secretary of the Alberta Provincial Board of the Association, in which was set forth the objects of the association in urging for the establishment of the code system.

The proposed master code was taken up by Mr. Lyons.

The meeting was not a unit on the question. One merchant stated that he was absolutely opposed to the proposal. Some expressed themselves as being in favor.

Cases were cited showing the losses sustained by merchants under the present, uncoordinated system, which were working hardship on the retailer.

After a lengthy discussion, T. Williams moved that the codes be endorsed, as in his opinion the codes, if put into effect, were a step in the right direction. More discussion followed, during which it was decided that the proposed codes, clearly defined the fields of the retailers and the wholesaler.

One merchant said that he could not see how the retailer and the consumer could be protected at the same time.

The majority felt that there were not enough details available to enable the meeting to come to an intelligent decision and on motion of O. B. Harris the meeting was adjourned to meet at a later date when the necessary information would be at hand.

J. O. Stewart of Wembley, Returns From South

Conditions Below The Line Worse Than Here—A. O. Quinton, President of the Wembley, Alberta, Canada, returned from a trip to the south, which took him as far as Louisiana and Texas.

The trip was made primarily for his health and at first he thought the trip would be a rest, but he found that the trip was very much improved in health. In fact, he found that he was the pink when he returned on Wednesday.

On his return trip from San Francisco to Vancouver, Mr. Stewart travelled by boat from San Francisco to Vancouver.

In answer to a query as to how he found conditions in the parts of the states he visited, Mr. Stewart said that they were not any better than they are here, and in some places they were worse.

Mr. Stewart said that as the federal election will take place next November the political party was beginning to pull, and one of the chief topics of discussion was National Credit.

Townsend with his program was making a strong appeal in California and Louisiana, and Mr. Stewart added that it was the general opinion that the Townsend party would nominate a candidate in the coming election.

From his information gleaned in his travels south, Mr. Stewart was of the opinion that Roosevelt would be elected by a narrow margin, but support, which he would find him a much weaker position so far as putting into effect his program of reform.

Mr. Stewart, who was a runner-up at the Federal Social Credit Convention held at Exeter, spent some time in Edmonton, during which time he interviewed the majority of the cabinet ministers and found them very much alive to the general economic situation and still confident that they can put across the Social Credit system, regardless of Major Douglas or anyone else.

Cat, Caught In Fence, Disturbs Peaceful Slumbers

A big black cat disturbed the peaceful slumbers of people living in the vicinity of the town hall sometime between midnight and dawn on Monday by frightful yowls.

Constable Burgess, ever alert to unusual noises, immediately dressed, and on investigation found the said cat wedged between the pickets of the fence enclosing the town hall yard.

There was no time to be lost if the whole town was not to be awakened, as the yowls and yells of the cat were becoming louder every second. Right away Constable Burgess stood up the situation and the cat was picked up.

He caught the animal by the tail and lifted it out of its predicament.

Released, the midnight marauder and disturber of the peace never even looked to express its appreciation of the timely rescue but struck out like a streak of lightning for some place, relieved by the constable, to be home.

BADMINTON FINALS WON BY W. SALMOND AND EDNA TAYLOR

The Grande Prairie Badminton Club tournament was brought to a brilliant finish when W. Salmond and Edna Taylor met W. Storm and Owen Gant in the finals.

Storm and Gant won the first game. Their opponents came back strong to capture the second. This necessitated a third game, which Salmond and Taylor won after a hot contest.

Many brilliant plays featured the games.

Miss Taylor gave a splendid account of herself as substitute for Betty Banger, who was ill.

Northwestern Co. Mgr. Reports Big Business Increase

R. J. McLeod, Manager of Company, Who Was a Visitor to Grande Prairie, Believes Depression To Be Gradually Lifting.

R. J. McLeod, manager of the North Western Manufacturing Company, Limited, of Edmonton, who was a business visitor in Grande Prairie between Friday and Tuesday's trains.

While here, Mr. McLeod, who had been in the company's store, Pembroke's Limited, and expressed himself as being well satisfied with the turnover during 1935 and so far this year, under the management of Mr. Black.

Interviewed by The Tribune reporter, Mr. McLeod, in discussing the year's business, said that the company had an advance of 20 per cent in 1935 over the previous year, and that up to the present this year business has increased 50 per cent over the same period last year. The rapid increase in business had necessitated increasing the floor space 50 per cent.

While Mr. McLeod looked upon the increase in 1935 as abnormal, he observed that he fully expected the year's business to show at least 10 per cent increase over 1935.

Mr. McLeod further stated that reports indicated that the depression in all over Canada have been and are still very busy and are working to full capacity. In fact, he said, the 1936 possible production has been all sold.

Canada, taken as a whole, added the visitor, has greater purchasing power than for the last number of years. This, he observed, is indicated by the greater volume of business being enjoyed by the wholesalers.

Reporter: "Do you think that the depression is gradually lifting?"

Mr. McLeod: "I undoubtedly do. This depression is just a duplicate of others and like others will pass away. I asked for his opinion of the proposed codes, Mr. McLeod replied that he was not opposing the scheme, although he would like a little more detailed information. He expressed the hope that when the codes did go into effect, which he anticipated would be the first of April, that they would work out satisfactorily.

Chevrolet 1936 Models Arrive at Grande Prairie

New Model, Luxurious Car Embodies Many New Features: Economy, Of Power, New Design, in These Modern Productions.

Thomson & Dalgleish, distributors of General Motors products, received the first carload of Chevrolet 1936 models on Thursday and they are now on display in their show room.

The 1936 models are perfect hydraulic brakes, auto steering, solid steel wheels, bodies, and chassis, and a new body construction. Safety glass all round provides added security.

Nowly and are well-tailored. The ventilation system adds fresh air without draft. With the new front end, a smooth, sloping hood is assured both in back or front seat, for the reason that front wheels operate independently and stop over bumps and holes.

The really streamlined design brings the 1936 Chevrolet cars to new and even finer distinction. The new models are impressively big, luxuriously roomy, with wide deep seats and low, unobstructed floors. Smoother, livelier power with increased economy are embodied in these new models.

In discussing the new cars with The Tribune reporter, Mr. Dalgleish observed that the first thought in a new car is in terms of its safety, comfort and economy of operation. Durability, he said, was another factor. That is why the makers of Chevrolet constructed such a generous over-strength chassis and bodies and a big reserve of power in the engines, remarked Mr. Dalgleish.

The public are invited to visit the show room and find out for themselves these modern car productions.

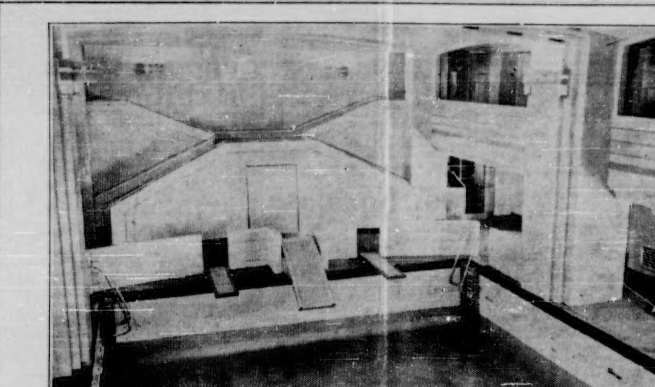

MANY OF THE YOUNGER MEN IN THE VALLEYVIEW DIST. GOING TO THE GOLD FIELDS

Miss A. F. Wetherston, district nurse at Valleyview, was a week-end visitor in Grande Prairie. In conversation with The Tribune reporter, she stated that a number of the young men in her district were contemplating going to the gold fields in the near future.

JUDGMENT RESERVED IN CASE OF COOK VS. SEDORE

The District Court, presided over by The Hon. Mr. Justice R. C. McLeod, for the first part of the week hearing the case of Cook vs. Sedore. Judgment was reserved.

This was an action brought on an arbitration award. D. W. Patterson and J. P. McLeod, acted for the plaintiff and M. W. Baker for the defense.

A "PEEP" INSIDE BRITAIN'S NEW PRIDE OF THE SEAS

Although finishing touches were still to be applied when this picture was taken, the modern swimming pool on board the "QUEEN MARY" gives a good indication of the magnificence of the fittings in the huge liner. She left the Clyde this week for Southampton, where, in the big drydock there, the launching cradles will be removed and the majestic ship made ready for her maiden voyage to New York in about five weeks' time.

REEVE OF BEAR LAKE MUNICIPALITY BUYS FINE SPAN OF GLASSY HORSES

Benny Foster, recently elected Reeve of Bear Lake Municipality, evidently believing in the eternal fitness of things, so far as his new office is concerned, on Monday purchased a spanking team of black four-year-old Percherons from Frank Donald.

The pair, which were purchased for \$1,000, are in the opinion of horsemen one of the best teams in the Peace River. The price paid was \$1,000, even three hundred dollars.

Local Curlers Withstand Attack Of Shock Troops

Though nearing the end of the season, the curling rink on Wednesday night was crowded with enthusiastic devotees of the royal game, who had gathered to witness a determined attempt by three rinks from the west—two from Wembley and one from Bear Lake—to wrest from Grande Prairie the title of Bear Lake Curling Club.

Hugh Allen Cup, respectively. When the last rink was thrown, but not till then, the invaders were defeated. The ice was the keenest it has been for the whole season, although tricky in spots. All three games were stubbornly contested.

The Grande Prairie Curling Club was defended by Alvin Dalgleish and N. Swallow, against the two Wembley rinkmen, H. C. Purves and W. Palmer. The scores:

L. E. Purves 100 200 100 100—6
A. Dalgleish 200 100 110 110—7
W. Palmer 100 021 211 000—8
N. Swallow 302 100 000 311—11

Play Extra End In Hard-Fought Battle For M. A. Cup

An extra end had to be played to decide the winner of the Hugh Allen Cup contest. E. Hopkins of Bear Lake was the challenger. His forces were arrayed against C. R. McKay and his wing. The contest was a hard-fought one, with the two sides exchanging goals several times.

At the end of the twelfth stanza the score stood 11 to 10 in favor of Hopkins. After the untidy thirteenth end was over, McKay bagged a three-point, making him one up coming home. Hopkins won the last end with one, tying the score.

McKay was then sent to deliver his last kick in the extra end. Hopkins had perfect weight but fell on McKay's guard on the eight-foot circle and raised him for another, making the score 14 to 12 in favor of Grande Prairie. The score by ends:

Hopkins 100 200 102 110 010—12
McKay 100 040 080 001 302—14

After the game the curlers wended their way to the Palace Cafe and another game was played. The contest was a favorite rendezvous following hard-fought battles on the ice.

CHALLENGERS DEFEAT DEFENDERS IN BATTLE FOR GRANDE PRAIRIE GRAIN CUP

The challengers defeated the defenders in the battle for the Grande Prairie Grain Cup at the Wapiti on Tuesday night by a total score of 20 to 16.

The tie was very keen, and some excellent curling was enjoyed by the fair-axed crowd roving behind the glass.

Butchard, who was challenged for C. R. McKay, led his defending rink to a win over N. Swallow by 11 to 11. The score on the board read:

Butchard 110 101 109 201—11
Swallow 102 010 104 016—9

The personnel of the rinks in this game were: With C. Butchard—Orr, Allen, and Alex Plafie; With N. Swallow—Al King, F. Spicer and B. Besant.

On the other sheet of ice, Mantle, the other defending skip, had a tough time of it and lost to Alex Dalgleish by 11 to 5. In this game the board showed:

Mantle 110 122 101 00—11
Dalgleish 102 000 010 110—5

Personnel: With J. Mantle—M. Lewis, L. Cobb, and Jeff Watson; With A. Dalgleish—Neil Shields, Neil Dalgleish, and W. Bentley.

MANCHESTER (N.H.) FLOOD DAMAGE OVER \$5,000,000

Jack Smart, anxious about the safety of his brother and sister and family, who are living in Manchester, New Hampshire, wired his brother for information and received a wire to the effect that the damage to the city by flood was in excess of \$5,000,000.

As the city is the neighborhood of 20,000 population, the news will give some idea of the tremendous destruction wrought by the floods which have been raging in the New England states and other parts of the United States.

J. I. Case Company Opens Up Modern Show Room at G.P.

M. J. Rodacker, Appointed Distributor, More Complete And Efficient Service Made Possible in New Showroom Premises.

J. I. Case Company has opened a modern show room in the building opposite the Capitol Theatre, with M. J. Rodacker as local distributor.

The building was remodelled to meet the requirements of the machinery business.

The show room is large, allowing for the display of the various machines to the best advantage. Another feature of the arrangement is that the repairs are visible from the show room, thus facilitating business.

A full glass front further adds to the attractiveness and cheerfulness of the show room.

A brand new stock shipment of 1936 Case implements arrived a few days ago. These machines have many new labor-saving features. They have been set up and are ready for inspection. The company manufactures modern types of modern farm machinery.

J. LaValley, bookman for the company in the Peace River, is discussing the new show room and plans with the merchants of the town, with a view to the proposed code.

"We are not here to sell just a few machines but to give continued service to the people of this country. The Case Company has been doing business in the Peace River for many years and are now in a position to give even greater and more efficient service."

Mr. LaValley drew attention to the splendid position of the machinery company, as indicated by the steady rise of its stocks.

The public are invited to visit the show room, where they will receive every courtesy and information from the management.

T. G. Johnson, of Seattle, Visitor To Grande Prairie

Thomas G. Johnson of Seattle spent several days in Grande Prairie, returning home on Tuesday night.

Mr. Johnson, who is a member of the Board of Trade, is a resident of the city of Seattle, where he is a member of the Board of Trade.

For some twenty years the visitor was employed by the Puget Sound Navigation Company, which is a member of the Board of Trade.

Asked by The Tribune reporter as to conditions in Seattle, Mr. Johnson stated that business was slightly improved.

Discussing the coming presidential election, Mr. Johnson expressed his opinion that Roosevelt had a good fighting chance to be re-elected, as he had accumulated a large margin in the popular vote.

DEATH CLAIMS ONE OF THE PIONEER WOMEN OF WEST

Death claimed one of the West's early pioneers in the person of Mrs. Louis Collins, who passed away at her home in the Beaumont district on Wednesday, March 25, at the age of 80.

Daughter of George Donald and Mrs. Mary Collins was born at St. Boniface, Manitoba. When a young woman she moved to Edmonton, where she lived for many years.

In 1904 the Collins family moved to Grande Prairie, where they lived for a few years, and in 1913 moved to the Beaumont district.

Mrs. Collins lived through the two North-West rebellions and saw the Canadian West grow to its present development.

Besides the father, the following sons and daughters mourn the loss of their mother: Pete, Louis, Henry, Joe and James, all living in Beaumont; Mrs. Alfred Collins, living in Calgary; Mrs. A. S. Plafie, living in Edmonton; and Mrs. William Fehr, living in St. Boniface.

The funeral will be held on Saturday morning, at 10 o'clock. Services will be held in St. Joseph's R. C. Church. Burial will take place in the Grande Prairie cemetery.

HORSES FOR MONTREAL

On Sunday's stock train Charlie Dunlop will be in the carload of good horses to Montreal.

Builders of The Flying Flea Need Further Money

Support Home Industry and Enterprise is an old slogan, which has always made a strong appeal.

In Grande Prairie there is a group of young men, members of the Grande Prairie and District Flying Club, who are busily engaged building a type of airplane known as the "Flying Flea."

The young men receive no remuneration for their work and the plane is being built at the minimum cost. However, the materials are considerable and the boys have about reached the end of their financial resources and need assistance to complete the work.

The Tribune believes the boys are worthy of support and has started a fund for that purpose with five perfectly good dollars. A few dollars from here and there will help to complete this home project.

As the young men are entitled to charged support, the Tribune, in making an appeal for money in their behalf, will be glad to accept any amount of donations for the club and publish the names of those donating.

Support the home industry and enterprise and start immediately to help the boys.

Believes Merchants Should Get Behind Proposed Codes

J. A. Elliott, Hardware Merchant, Says There Is Some Misconception Regarding The Proposed Codes

Interviewed by The Tribune reporter, J. A. Elliott, prominent hardware merchant of the city, who stopped over in Grande Prairie on Tuesday en route home from the Capital City, in answer to a query as to the opinion of the merchants of the town, with regard to the proposed code, replied:

"I believe the small merchant and the working people very much in favor of the code, as they realize that there is too much waste under the present destructive competition and proposed changes will prevent this."

To illustrate the point, Mr. Elliott stated that a buyer from Montreal, who had been in the city, had been told that the code was a new law.

He stated that a buyer from Montreal, who had been in the city, had been told that the code was a new law.

Editorial

Perhaps one of the most important necessities of life to the average man or woman is his or her newspaper. What person does not take for granted his daily paper—or perhaps it is a weekly or monthly edition? To the man, the paper is the paper in order to help him in his work. To the woman, it is a way of keeping up with world progress, and of enjoying good reading. Therefore a paper must be interesting and useful. These are two essential features of any newspaper, and in leading The Sexsmith Star it is our aim to fulfill these requirements, and the many others which are necessary.

We have several times in view in publishing our paper—aim which we hope will make it a success and a help. It will serve as an outlet for originality and initiative, thus helping us in our studies. It will encourage fluency and individual expression, and it will serve to develop any literary inclinations among us. Any contributions will be welcome, and examples of contributions from other schools are given below.

Our paper is published monthly—some thirty copies being struck off for distribution among the students. In selecting from our paper items for publication in The Tribune, we try to select those which will be of general interest to parents and friends.

We hope our paper may be of a quality to justify continuation and expansion in the future.

EXAMPLES OF CONTRIBUTIONS

Grade VII-VIII

THE HILLS

The hills! The hills! Those marvelous hills.

What do they conceal?

In their dark bosoms lie secrets of wonder in ages gone by.

Typical forests of giant ferns.

Discourse, those terrible legends that roused the marsh and forest.

Prey of the pygmy animal.

Thief of their monstrous reign.

Who, first of foot, reaped.

And to his mate, in joy.

The fruit for breakfast.

All—bush and more the hills conceal.

In ancient, unbroken, the glacial clay.

Capped by the fertile soil.

Now filled by play and horse.

Guided by thrifty farmers.

THE CHRISTMAS TREE

The Christmas tree is tall, so tall standing up against the wall.

Its lights are burning bright as night, it shines like jewels in the night.

Grade IV

VERBENITH (A Drama)

Scene I.

Character: Pierre Verendrye, his father and mother, Count de Bois.

Three Rivers: Verendrye's home.

Pierre: Hello, father! Where's mother?

Pierre: She's out for a walk.

Pierre: Oh, here she is now. Hello, mother.

Mother: Hello, Pierre. I'll get your supper as soon as I can.

Pierre: I think I'll go and see if I can catch the Count de Bois—they have been into trouble.

Pierre: Good luck, Count de Bois. (Exit father.)

Pierre: I'm very glad to get back.

Mother: Yes, and we are glad to have you back. (Countess knocks at the door.)

Pierre: I wonder who that is?—why it's the Countess de Bois, Louis, Hello, Louis.

Louis: Hello, Pierre.

Pierre: Sit down.

Louis: How are you, Pierre?

Pierre: Fine, thank you. How are you?

Louis: Oh, just the same as ever. When you were a little boy you said you were going to find the Western sea. Do you still think of it?

Pierre: Yes, and I always will.

(There is a noise outside.)

Pierre: Quick! There is father; go out the back door.

Father: Is supper ready yet, mother?

Mother: Yes. (They sit down. Pierre goes to front of fire.)

Father: Are you coming to supper?

Pierre: No supper for me.

Father: My son, still dreaming about the Western Sea?

Pierre: Yes, still dreaming.

COMMUNITY NEWS

On Friday, March 13, a large crowd attended a masquerade dance held in Kingston's Hall.

The dancing was varied and interesting. Evelyn Conrad dressed as a colonial gentleman and won the prize for the best dressed man.

While Mrs. Innes won the prize for the best dressed lady, Miss Morrison, as a colored woman, won the prize for the comic lady's costume.

While Mr. Gilpin as her husky partner won the prize for the gentleman's comic costume.

SEXSMITH NEWS

GOSPEL MEETINGS

Three days of interdenominational meetings were held in the Sexsmith River Bible Institute at Sexsmith, April 10, 11, and 12, the evening of the 13th. The speakers will be taking part. All are invited to come. Bring blankets; meet free.

SPIRIT RIVER NEWS

ENTERTAIN AT ANNUAL DINNER

SWIFT RIVER, Mar. 24.—Mr. and Mrs. Ernest Cox entertained a number of their friends at dinner on Sunday, March 22, in honor of the memory of the patron saint of Ireland. This is an annual festivity to which their friends look forward with the greatest of pleasure.

The dinner was given by Mr. and Mrs. A. W. Alexander, Mrs. H. H. Dewar, and Mrs. P. Dewar, Miss H. Dewar, and Mrs. W. Alexander.

C.G.I.T. HOLD WEEKLY MEETING

The semi-regular of the Spirit River C. G. I. T. held their weekly meeting on Monday, March 23, at the home of C. G. I. T. The speaker was Miss A. H. Brown. A reading on "David Copperfield" was given by Arline Keene.

The evening contributed five dollars to the general funds of the United Church Sunday School and have sent first to one of their school friends just recovering from a severe attack of pneumonia. Raising and sending for the hospital was also a part of their regular service program.

The meeting was held in the hall of the form of a social and will be held in the Oddfellows' Hall, kindly donated for their frequent use.

GOOD ATTENDANCE AT COMEDY

After 2:45 the W. I. served tea in the high school room. Those who had acquainted themselves as "Henry" in the track meet last night, received some medals. Mrs. W. Turner, president of the Sexsmith W. I., awarded these medals to Mrs. A. P. Bost and Mr. Harry French, piano selections played by Mrs. Gray, a visitor from Calgary.

The hall was well filled for the occasion, and between acts songs were sung by Mrs. A. P. Bost and Mr. Harry French, piano selections played by Mrs. Gray, a visitor from Calgary. The meeting was held in the hall of the form of a social and will be held in the Oddfellows' Hall, kindly donated for their frequent use.

SCHOOL CLUB REPORTS

Squakita Dramatic Club Report

The Squakita Dramatic Club is busy engaged in preparing a play, "Gemma," which will be presented at some future date. The paper is taking up a good deal of the club's time, as this group is supporting the publication of "The Sexsmith Star." The editorial staff is gradually becoming used to its new role of detective-reporter-critic-editor, and hopes that the paper will amply repay its efforts.

Science Club Report

The Science Club has been making considerable progress lately. Most of its time has been spent on soldering bread boxes, rewinding armatures, and repairing door latches. Members are always willing to do work of this type in return for a small fee.

The most interesting enterprise has been the construction of a Crookes tube. This tube, made by the club, consists of a continuation tube from which the air was removed, and which was then sealed by two corks having spikes driven through them. The spikes were attached to an induction coil.

At first only a narrow purple glow was visible, but as the tube was placed near the tube, the ray it is producing was made visible. It was then sealed by two corks having spikes driven through them. The spikes were attached to an induction coil.

At present the building scientists are trying to reflect the ray with the aid of a tin strip coated with zinc sulphate.

Work on a radio has been temporarily suspended through lack of batteries.

Doris Foote (Editor).

RIO GRANDE NEWS

"My Irish Rose"

An Outstanding Event On 17th

RIO GRANDE, Mar. 24.—On March 17 an outstanding event was held at the Rio Grande Hotel. The play "My Irish Rose" was presented to a packed house by the following cast:

Maureen Fitzgerald, Ernie McAdams, Colum McCann, Vincent Merew, Archibald Peppercorn, Gerald Quinn, Mr. Peppercorn, Mickey O'Connell, Shawn McGillicuddy and Terrence Creighton.

The play was very well received, and the short time taken to produce it was thoroughly enjoyed by all. The cast went out to show their appreciation to the audience by finding actors and actresses.

The stage took on a new character, touched with the artistic and of Mrs. Merew, who is to be congratulated on her success.

Time between acts was taken up with singing which was enjoyed and about last applause was given.

The first number was sung by John Scully, Dean Merew and Joyce Merew, entitled "The Little Shanty." Mrs. Merew, who is to be congratulated on her success.

Following the entertainment complete the floor and dancing ensued. The orchestra showed how to keep things going with a complete program of music.

A meeting of the shareholders of the hall was called recently to consider a matter of importance. The building for the coming year, Mr. Hugh Jacob is now the new manager and intends to do things right. March 17 was his first night and the hall was well filled with its green and white decorations.

ILLUSTRATED NEWS OF THE WEEK

A SPECIAL TRIBUNE FEATURE

THE BEST OF THE WEEK'S INTERESTING NEWS PICTURES

THE OPENING OF THE FIRST VISUAL TELEPHONE SERVICE

The first visual telephone service in the world was inaugurated between Berlin and Leipzig at the opening of the Leipzig spring fair. Both parties talked into the telephone while watching each other's face on a screen in front of the telephone desk. Here is seen the inside of the visual telephone booth in Berlin.

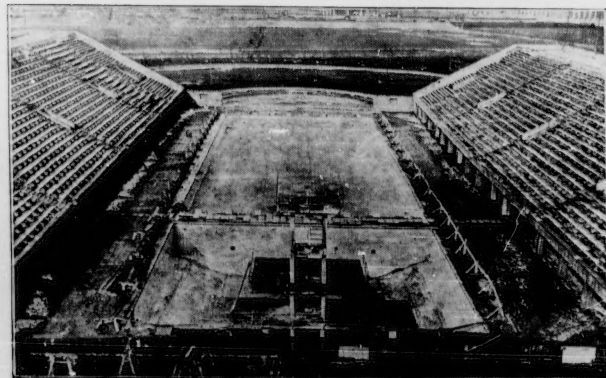

THE WATCH ON THE RHINE—1936 MODEL

This symbolic radiophoto shows two German sentries in field grey steel-helmeted and carrying bayoneted rifles on sentry duty beside the historic "Wacht am Rhein" monument which stands at the junction of the Rhine and Moselle rivers at Coblenz. The picture was telephoned to London and radiated to New York. More than 30,000 German troops now occupy the Rhineland.

ITALY CELEBRATES ADOWA ANNIVERSARY AND GREAT VICTORY

A solemn ceremony was held at the unknown warrior's tomb in Rome recently in connection with the 40th anniversary of the Battle of Adowa and the recent great Italian victory in East Africa. Here are some of the notables at the ceremony. Left to right: The Duke of Aosta, the Count of Torino, the King of Italy, Prince Mussolini, and General Badoglio.

GERMANY'S LATEST MOVE MAY WRECK OLYMPIC GAMES

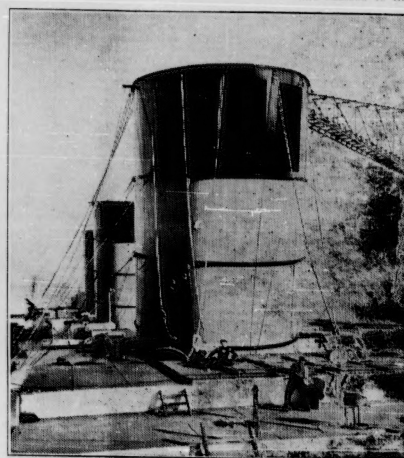

Adolf Hitler's tramping on the Versailles and Locarno treaties by sending an army into the demilitarized Rhine zone may be the wrecking of the Olympic Games, which were supposed to be held in Berlin this summer. Several of the leading European nations have ordered plans for Olympic teams. Here is a view of part of the huge Olympic equipment which Germany has received at the Berlin Sports Field, Berlin. It shows the swimming tanks with the diving boards and pool in the foreground.

RESIGNS

The news of Lord Stothaven's resignation from the chairmanship of the British Conservative party organization came as a distinct surprise. The post is one of the most important in the United Kingdom, as the occupier has the duty of advising the leader of the party on affairs of current event and on election strategy. Lord Stothaven was Governor-General of Australia, 1925-30, and has had considerable diplomatic experience.

Advertisers using "The Tribune" know that it gets them results at the lowest cost.

THE GREAT FUNNELS OF THE "QUEEN MARY"

The size of the funnels of the giant British liner "Queen Mary" is more easily grasped when seen in the above picture beside the workmen putting the finishing touches on the huge vessel. At the back of each funnel, near the top, are three huge ventilators, inside each of which is a stairway to enable members of the crew to descend to the various decks.

WHAT ONE GIRL WORE...

By Betty Brownlee

The Spring collections offer coats to please every type. There are mannish coats and straight coats to be worn over mannish suits for the girl who likes to be "strictly tailored." There are dressy coats which hang straight but are full at the back and fur-trimmed. Fashion has made their appearance, also and, of course, there's the perennial tweed sports coat. One of the favorites of the new season, however, is the dressy coat, usually fur-trimmed and cut on dressmaker lines, with fitted waist, interesting sleeves, pockets and other dress details accented.

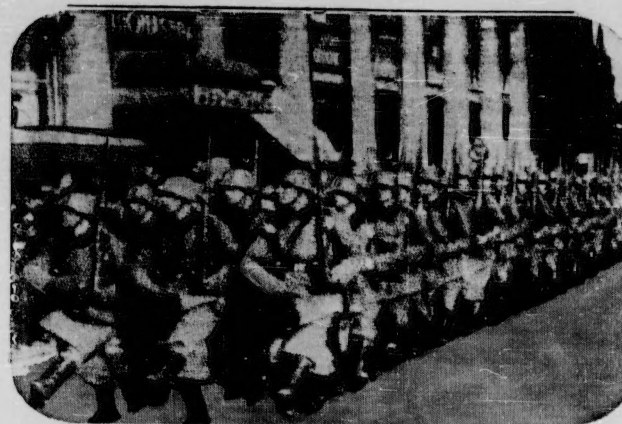

Such a coat is illustrated this week. This one is developed in green wool and trimmed with an ermine collar which is deep and rounded at the back. The bottom of the coat is fitted full at the shoulders and waist. Let's count with a hand of the material to waistline is lower in back and dips down in a semi-circle in v-neck effect, which is a feature of most of the new coats, done much to accent the slender silhouette.

In contrast to certain fashions which have entered an overnight popularity and swept Paris, New York and other fashion centres in a simultaneous onrush is the quieter acceptance of the evening tailleur.

The dinner suit is not new. Introduced to fashionable women a little over a year ago, it was adopted by the ultra-smart, almost immediately, but was slow to achieve popular acclaim. But the couturiers, convinced of the ultimate success of the costume, continued to design these suits and now, after many months have passed, the evening tailleur has really come into its own. Most assured that any woman who has the slightest claim toward smartness has at least one in her wardrobe.

The suit illustrated today is especially smart. The ankle-length skirt of black crepe is slit in the centre and the jacket, in a corded black metallic fabric. Nice detail is to be found in the smartly padded broad shoulders and in the expert tailoring of the collar, cuffs and lapels. The square buttons are of enamel. With the suit is worn a short-sleeved blouse of brilliant red chiffon, shirred all over and with a scarf collar twisted about the neck.

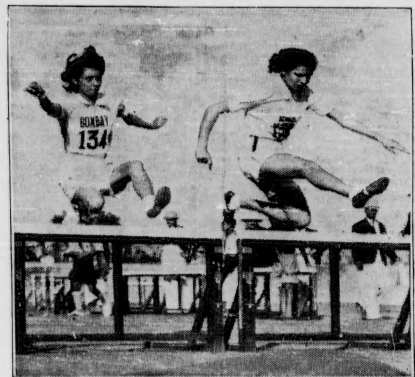

RADIOPHOTO OF GERMAN TROOPS ENTERING COLOGNE

This radiophoto shows German troops, armed and steel-helmeted, entering Cologne, key city on the Rhine, in direct violation of the Versailles Treaty which demilitarized an extensive section of the German frontier bordering French territory. The photograph was rushed to Berlin, telephoned to London, and radiated to this continent.

DEEP SNOW THREATENED STARVATION FOR PRAIRIE CHICKENS

The heavy snowfalls which have been experienced in western Canada during the winter threatened to cause starvation of thousands of prairie chickens until elevator agents were asked to take care of the game birds and feed them screenings. J. P. Dick, elevator agent at Kenfeld, Saskatchewan, reported a flock of starving birds came to his elevator. He fed them screenings and allowed them cover from the wintry blast on the cleaning bin, with the result they became quite tame and would fly to him and rest on his hands and shoulders. Here is shown one of the birds resting on Mr. Dick's hand.

INDIA HOLDS OLYMPIC TRIALS

For the first time in the history of the Olympic Games trials in India, all the provinces were represented at the recent All India Olympic Games Meet in Lahore. Here are seen two of the competitors in the 80 metres hurdles for women clearing the first hurdle. The event was won by Miss Prichard of Punjab, on the right.

Wembley Curlers Failed To Lift Hugh Allen Cup

On Friday evening last another challenge for the Hugh Allen Cup was played between a Wembley rink skippered by W. Palmer against the McKays.

It was a rather one-sided affair, the Grande Prairie rink counting eight ends out of the twelve played. The score ended up 15 to 4 in McKays' favor.

The Wembley players said they had no ability to make, as the ice was in splendid condition, and that they were out-curved from start to finish.

After the game the victors were the guests of the Grande Prairie curlers and enjoyed a splendid lunch at the Palace Cafe.

Personnel of Rinks:

Wembley—W. Palmer, skip; W. Edgar, third; L. E. Purves, second; J. Smith, lead.

Grande Prairie—C. R. McKay, skip; Gordon Orr, third; M. Lewis, second; Alex Field, lead.

Question of Paying

(Continued from Page One)

It is to be applied to hospital and medical accounts.

Six to eight men have been employed during recent weeks on water drainage from town streets, and it was suggested placing all men available on this work as well as general cleaning up for spring.

Council approved payment of accounts for the month, totaling

Grande Prairie, Alberta

\$500.87, of which \$208.05 represented wages for labor.

Mayor Tooley then referred to the observation of Clean-Up Week, for which he said, suitable prizes could be chosen at the Health Board meeting next week. He further added that the meeting would be an advisory one.

He then discussed with the Municipal Hospital Board any proposal they may wish to make towards the water and sewerage facilities in Grande Prairie. The meeting was presided over by Mayor Tooley, Councillors Simpson and Porteous, and Secretary Keys to interview the Municipal Hospital Board.

The by-law pertaining to allowances for Mayor and councillors again came up for discussion. Councillor Swallow opined that it was a good idea to call a general meeting of ratepayers before spring work starts and bring up this question. He asked if it would be advisable to secure the services of a town manager to supervise the town's public works.

Councillor Oliver suggested setting a sum aside to send a delegate to attend the convention of municipalities in lieu of having the Mayor and councillors' services. The sum of \$200 to finance such a trip or any trip to an outside point on special town business was suggested by Councillor Simpson to be included in estimates for this year.

Mayor Tooley expressed no desire for reimbursement for either the present or the future, and acknowledged the pleasure he had experienced in helping to guide through the past year and had once the town's expenditures for the number of years he had served both on the council and as Mayor.

He did agree that in the event of remuneration being allotted to the office of Mayor a lump sum would prove to be of value help in covering

up the many expenses incurred while representing the town, whether during the winter or during the summer.

Future mayors, he believed, would appreciate this extra support in the performance of their duties, he added, as the council supported him in temporarily tabling the by-law.

Town Wins Case For the Violation Of By-Law

The case of the Town of Grande Prairie vs. Charles Dunlop, tried before Magistrate Galloway, created more than ordinary interest.

Dunlop was charged by the town with unlawfully using a structure on lots 5 and 6 block 4, Plan 1410 A.C. for the purpose of a corral, contrary to by-law 126 of the Town of Grande Prairie.

In a case was ably argued by J. H. Graham, counsel for the Mayor, and the case was heard by the Magistrate.

The Magistrate held that the action of the defendant was a breach of the by-law and set the fine at the nominal sum of one dollar.

IRMA PYLE BEAUTY SHOPPE
ADDS COSTLY EQUIPMENT;
SHOPPE IS RE-DECORATED

The Irma Pyle Beauty Shoppe, owned and operated by Miss Graham, presents a most pleasing appearance as a result of being re-decorated.

The color scheme is green and cream. Another added improvement is the new floor linoleum, which fits in admirably with the general color effect.

Many dollars have recently been spent on equipment, including an important addition to the "Nestle Muffin-Turner," permanent waves machine, which greatly adds to efficiency and is a time-saver.

Mrs. S. Herold, formerly of 154-10, and who has successfully operated several beauty parlors throughout the Peace River, has joined the staff.

Miss Graham is justified in feeling proud of her shoppe and is also justified in claiming that she has one of the most up-to-date beauty parlors in the province.

MAY FIGHT THIS SUMMER

"Punch" Landry of Peace Coulee and Ed Patterson of Dawson Creek, both well-known milt artists, were passengers on Friday's train en route from Edmonton to Grande Prairie.

In conversation with The Tribune reporter Landry stated that he might take on a few fights this summer if they could be arranged.

Fire Strikes Twice In G.P. Residence Monday Night

Fire almost completely gutted the second four-room house owned by C. R. Bell of Grande Prairie while local firemen battled the flames for an hour on Monday night in a fire which was extinguished in less than twenty minutes.

Flames apparently broke out in the back of the house and covered the peak of the roof as they sought new outlets under pressure of the chemicals valiantly handled by the firemen. Parts of walls were torn down to put out any spark, and no sign of danger could be seen when firemen retired, believing their night's work finished.

About an hour later, Mr. Bell was again asked by flames which renewed their attack on the badly charred dwelling and he phoned Fire Chief Alf Smith for assistance.

Mr. Bell had just completed repairs for his car and was sitting in the car when the second fire broke out. He was expected to occupy it the following day. No insurance was carried.

P. J. TOOLEY MOVES HIS OFFICE
Tooley, who recently rented his office building to the Western Auto Supply, will conduct his business from the building located between the old office and the Grande Prairie Garage.

When these numbers are used in place of compositions from the Conservatory lists, a complete list of all the compositions and studies on the candidate list must be sent to the Registrar of the Toronto Conservatory for acceptance before April 15.

FESTIVAL NOTES

Considerable interest is being shown in the various piano competitions, particularly in the open piano competition, in the coming Musical Festival, which will be held in Grande Prairie in May.

A gold medal donated by the Alberta College is being offered for the first place. It is expected that the award for second place will be a silver or bronze medal, depending on the number of marks obtained by the competitor and that the winner will receive the gold medal instead of the usual silver medal.

It is expected that there will be a large number of entries in the other piano classes.

The pieces for the open piano are very interesting works by modern composers. They are contained in a volume of compositions by Russian masters. Copies of this book may be obtained by those interested from the secretary, Mr. Vaughan, for forty cents each, postpaid.

Those who plan to take the Toronto Conservatory examinations in June are reminded that any of the numbers used in the Festival will be accepted by the examiner at the following grades:

ALBERTA'S RELATIONS WITH MAJOR DOUGLAS SMASHED

EDMONTON, Mar. 24.—Premier Albert and his Alberta government today smashed all relations with Major Douglas, world Social Credit leader and for the past year "arch-enemy" of the province.

The decision was reached by a Social Credit party caucus Monday night at the Legislative Buildings. No official statement was issued by the caucus at the end of its all-important session, other than this brief comment: That every Social Credit member of the House had agreed that relations with Major Douglas must be broken.

It is expected that there will be a large number of entries in the other piano classes.

The pieces for the open piano are very interesting works by modern composers. They are contained in a volume of compositions by Russian masters. Copies of this book may be obtained by those interested from the secretary, Mr. Vaughan, for forty cents each, postpaid.
